NZ HI-TECH AWARDS 2020 - Amazon Web Services

The technology sector has the potential to create long term positive impact for all New Zealanders, but it will only achieve this if we are able to reduce inequities and barriers of entry and increase the pathways that enables talent from varying backgrounds to participate in this sector Over the past two years the NZ Hi-Tech Trust have placed a significant emphasis on diversity because the

Designing Products People Love How Great Designers Create ...

designers have to create with the users in mind their creations need to be useful they need to be accepted into the homes of consumers where instead of being mounted on the wall they go on the bathroom sink or in the kitchen cupboard product design is challenging most people aren't product designers but besides designing product designers also take part in meetings and presentations to put
