Artificial or human intelligence: Which will drive future ...

Our emergency driver lunges for the wheel, yanks us back to safety, then tells me the game plan. This isn't a vanilla driverless car, he explains, it is a do-it-yourself driverless car, made with off-the-shelf technology, and the goal is to get it on the road as fast as possible. But the car, which works a treat for the rest of the day, is only step one. Step two is to fully automate
